About Me

I am born and raised in Delhi, I have completed by School, graduation and post graduation from Delhi itself. Currently i am working in Deloitte as Senior Audit Assistant. I am a very enthusiastic and honest person. I strongly believe in hard work and sincerity always pays off. My professional journey has taught me a lot and helped me to grow as a person and a professional as well. I will always cherish this experience. My favourite pass time is to go on a long walk and cycling.

Spot Award

Experience

Senior Audit Assistant**Deloitte USI**

**September
2022- Present**

I have more than 1.5 years of experience in audit. While i was in my final year of M.com i got selected in campus placement in Deloitte. I have started working as an Audit assistant. I have worked in multiple teams along with multiple seniors. Which has incredibly helped me to develop my skills to working with different people. I am currently working on large PCAOB engagements where we work on multiple softwares to conduct the Audit. Since i am in a client facing role as we interact with the onshore clients and UK team members, it helped me to own my assigned area of work. While working i have learnt to manage work as per the time lines. The over all experience i own is a bundle of rich personal and professional skills. My aim is to use my skills for the job role.
